MEMORANDUM FOR: Chief, Research & Engineering Division

SUBJECT : Status Report [REDACTED]

1. Memos have been forwarded on the special FY-70 budget preparation (Form 1276, dated 4 September 1969) and the contract security problem. I have routed copies of each to you for your information.

2. I've spent considerable time reviewing and studying the [REDACTED] contract. [REDACTED] has been most helpful and I have a good surface knowledge of the full picture now. I see quite a few areas where I think we can get the application picture improved and I have a number of ideas concerning ways to assure relevance of the effort. In general, I believe I can show that the accomplishments to date have more than amortized our investment.

See you in a week,

Bob

Bob

P.S. [REDACTED] has some memos for the record that I have prepared on this subject if you wish to see them.
